The Post published an article submitted by Gerry with a list of pros and cons. We await the submission of the planning application.

Film and Fundraising

Steve described the film 'Into Eternity' about the difficulty in storing nuclear waste safely for 20,000 years. Tim said that a film could be used to spark off a discussion but it wasn't a good idea just to depress people with a negative film.

John mentioned that Sue Wakefield had suggested that we could arrange a twmpath in association with Noson Allan, as an alternative for fundraising.

Steve mentioned that "In Transition 2.0" was due out fairly soon and should present a positive message.

There was enthusiasm for allowing local students to make a film with our support, or for creating a competition between local colleges. The Carmarthenshire Community Challenge may be able to provide funding.

Tim will talk to his friend Dafydd to find out how much it will cost to make a film.

Katka will talk to her friend who is a tutor on an i-Media course.

John will talk to Eurgain Powell about her contacts.

John will contact Noson Allan about how the scheme works.
