Films

The World According to Monsanto : This will now be shown on March 21st in Llandybie.

Living in the Future (film about Lammas) Seen and recommended by David. 50 minutes. We would like to screen this in May in Llandybie.

Chasing The Ice Seen and recommended by Steve. Available at a special price of £100 to transition groups.

Recipes for Disaster Katka has had no reply yet from the distributors.

We agreed that films shouldn't be shown more often than once every 2 months.

Anson to arrange a screening of Living in the Future in Llandybie in May.

Steve to talk to Eurgain Powell about grant support and to Llangadog Film Club about possible showings there: possibly Chasing The Ice?

Jane Davidson

David will meet her late in March and invite her to a meeting in Llandeilo

Provisions Market

The Welsh Government has dismissed the Gwalia appeal. Edward Thomas has written to Jonathan Fern inviting him to call a meeting. Dai Jones has discovered that S4C is seeking to relocate into local communities and wants partners: the market building may well be suitable.

Renew Wales

David has been successful in applying for funding for offering consultancy around energy conservation and renewable energy. We need to decide what forms this consultancy should take. One idea is to perform a showcase Green Deal assessment.

Food Group

The beginnings of the Producers' directory are in place.
